Not Approved.....	0	Average Daily Ridership 2000-01	307
High School Diplomas Regular.....	32	District Owned Operation	
Other Completions*	0		

* Certificates of Completion issued by the district

** Limited English Proficient (LEP)

Superintendent's Highlights

The 2001-2002 school year was very busy on many fronts. We began the alignment of our curriculum to the State Standards. We completed Phases I and II and aligned our Language Arts Curriculum. In a small district like ours this involved most of the Professional Staff of the District. In 2002-2003 we plan to align the Math and Social Studies Curriculums and in 2003-2004 we will align Science and Health. Our students continue to do well on the Individual Reading Inventory and the Direct Writing and Math Assessments and on the final year of the ITBS and TAP tests. We look forward to the challenge of the ISAT.

We started and completed an addition to our Elementary School, comprising of two new 1st grade classrooms and a Multipurpose Room. In addition we completed about \$300,000 worth of remodeling in our Elementary, Middle and High Schools. The National Guard completed about \$500,000 worth of digging, dozing and leveling on our Sports and Recreation complex.

In conjunction with the Kamiah District we exchanged students in a Professional Technical Academy teaching Cabinet Making, Internet Health, Certified Nursing Assistants, Cisco, Web Authoring and Video Instruction.

Progress Towards Meeting District Goals

2001-02 Goals

Progress

Continue Improving Reading and Math Scores

With the alignment of our Language Arts curriculum and our efforts to Improve Teaching and Learning, we are pleased with our progress in the Language Arts area this year and look forward to a like effort in Math next year.

New Professional/Technical Course in High School Curriculum

As described in the highlights we continued to add new Professional/Technical courses to our high school curriculum, which will help prepare our students for good, high paying jobs.

Repair/Renovate Facilities and Resolve Safety Issues

We were able to make over a million dollars worth of Additions, Renovations and Repairs this past year. The use of and borrowing against Federal Forest Funds made this possible. However, our list continues to grow and the needs are still great.

Continue Technology Advancements

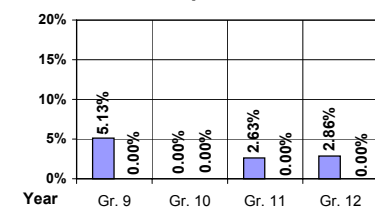

Our teachers continue to learn new and innovative ways to enhance student learning through the use of technology.

Student Profiles

Ethnicity

Race	Male	Female	Total
White	47.38%	51.21%	98.59%
